TO WHOMSOEVER IT MAY CONCERN

Water: We provide purified drinking water. We have a 100 ltr storage capacity of purified water. Make from Eureka Forbes. We also keep water canister in the school campus. Village RO plant is also situated just 100 metres from school campus.

Health: We conduct regular medical checkups and have provided immune boosters in the pandemic period. We run a charitable dispensary which provided treatment to 200 people every week. We have instructed the parents not to send child to school if any symptoms are found.

Sanitation: All the toilets, classrooms and campus are thoroughly cleaned every day
